PROFESSIONAL SUMMARY

I am an aspiring Data Analyst who views each academic project as an opportunity to engage in innovative thinking and achieve new milestones. I approach challenges optimistically, considering them as catalysts for personal and academic development. My pursuit extends beyond mere knowledge acquisition. I am actively laying the groundwork for a successful and gratifying future.

Experience

BLOCKCHAIN TRAINER | CHIEF FINANCIAL OFFICER, NIPIX TECHNOLOGY

Currently, I am part of NIPIX, actively contributing to the organization's achievements through a role as a trainer. A noteworthy aspect of my position involves mentoring and training over 50 students in ROBOTIC WORKS. This experience signifies my commitment to knowledge sharing and skill enhancement.
